

YOUR COMMITMENT TO YOUR DENTAL HEALTH

McCreight Progressive Dentistry takes a commitment from you as well as from us. This relationship involves teamwork. Just as we place high standards on ourselves, we ask the same from our clients.

Our Expectations of You, Our Clients:

Communication- We want to know how you feel about all aspects of your experience with us. We will develop a MPD Personalized Dental Plan for you and expect you to tell us honestly about your thoughts and feelings. We are here to serve you and want you to be comfortable in making decisions concerning your appearance and your dental health.

Time- We stand alone in the medical/dental community by always being prompt and seeing one client at a time. While we understand that emergencies do arise, we choose not to work with clients who have **missed three appointments** in our office. Reserving time in our office is a privilege you will want to guard.

Finances/Cost- From the moment you step inside, you'll notice our office is different. Please don't be surprised to discover that our fees are higher than those of an average dental office. We could not offer the level of technology and service we do otherwise. Because of this, we have designed payment arrangements that are comfortable and convenient, so cost is rarely a concern. You will receive value, that's our commitment at McCreight Progressive Dentistry.

For our clients with dental insurance coverage- we will be happy to assist you in filing your claims. We have found that far too often insurance companies do not have your best dental health in mind and it is for this reason that we do not let them dictate our relationship with you.

Referrals- We enjoy working with our clients just like you! We ask that whenever you have the opportunity to mention our name to your family and friends that you please do so. Please know that we will do our absolute best to provide them with the same level of Dentistry that's truly beyond exceptional. We especially enjoy treating clients that are referred by our existing clients. There's no better validation of a happy client than hearing that same great news from one of the friend's they recommend!

Following these guidelines will insure a long lasting relationship between us! We want to look forward to a wonderful relationship built on trust, creditability, and great dental solutions.
